   Step 6a– Community hazard Reduction Priorities Based on the results of the community risk assessment, priority ratings have been developed for the following areas within the project area. The community recommendations for the type and method of treatment for the surrounding vegetation are listed below:
   1. Improve the community burn pile.
   a. Hire a Registered Professional Forester to apply for a Less-than-Three-Acre Exemption in order to remove merchantable timber from the burn pile area.
   b. Utilize funds generated from the sale of the timber to have a contractor level the site, repair the access road for improved drainage and purchase temporary concrete barriers to define the footprint of the burn area.
   c. Invest in a grapple in order to better manage and burn the burn pile before ignition in order to remove dirt and nonflammable materials.
   d. Greenhorn CSD should contact CAL FIRE regarding the use of the Antelope Camp work crews to help with the hand work associated with this project.

9. **ADJOURNMENT to the next regular meeting scheduled on Thursday, April 21, 2022**

This agenda is posted online at greenhorncsd.org, on the bulletin board at the Greenhorn mailboxes located at the intersection of Harrison Road and Greenhorn Ranch Road, and at the Fire Station located at 2049 Red Bluff Circle.

In compliance with the Americans with Disabilities Act, if you need assistance to participate in this meeting, please contact the Community Services District at (530) 283-4588 or Fire Department at (530) 283-6450. Notification at least 48 hours prior to the meeting will enable the District to make reasonable accommodations to ensure accessibility to this meeting.
